

MONEY LOOM IMPORT GUIDE

Your budget, simplified in 5 minutes

Congratulations!

You have made a decision that changes everything: taking control of your finances.

This template is designed to save you valuable time. No more manual entry: fill it in, save it, import it. You are already on the right track.

QUICK INSTRUCTIONS

1. Only edit the fields marked with *
2. Do not modify lines === or headers
3. Date format: YYYY-MM-DD (e.g. 2026-04-13)
4. Use a dot . for decimals (not a comma)
5. Expenses = negative numbers (e.g. -250.45)
6. To add a row: right-click on the row number → Insert row (above or below)
7. Always save in UTF-8 format (.csv)

Thank you for downloading Money Loom.
